

# SAPPHIRE BEACH | condominiums

Update – Aug. 2011

Hi again Everyone,

We are currently enduring one of the hottest months of the year but Sapphire Beach is still buzzing: Another 2 units have been sold! This totals 6 sales for 2011 so far and it's only August...

August remains a busy time due to our Carnival season earlier in the month and of course the "Ri Ri" concert following shortly after, which attracted large numbers of visitors to the island. Due to its centrality, Sapphire Beach was fully booked at Summer rates of US\$295/night for a 2-bed and US\$395/night for a 3-bed.

During this time, we held a third open-house for the year. We attracted local and foreign traffic to the event which will hopefully prove further success.

"Walkers World," a local décor company is still offering a 15% discount on their furniture packages with FREE Sapphire Beach Interior design to client specification.

Please spread the word on this excellent investment property and visit us onsite for a full tour at your convenience.

More news to come your way...
